Physical Education Curriculum Map

EYFS and Key Stage 1

In foundation and Key Stage 1 teachers use the REAL P.E scheme to influence their own planning. It is fully aligned to the National Curriculum and Ofsted requirements and focuses on the development of agility, balance and coordination, healthy competition and cooperative learning through a unique and market leading approach to teaching and learning in PE.

Key Stage 2

Key Stage 2 will also follow the REAL P.E program.

It is fully aligned to the National Curriculum and Ofsted requirements and focuses on the development of agility, balance and coordination, healthy competition and cooperative learning.

Teachers follow units throughout the year. Each lesson starts with a warm up, there are videos and songs to support the lesson over the three weeks, and each lesson has a cooperative and competitive activity, allowing the children to progress each week with their new learnt skill. There are opportunities for the children to review each lesson.
